# PRESIDENT REPORT

Bruce had a great month for March! Our council continues to get along great! We held two programs this month, Bruce Jam and Roach Hunt, which both went FANTASTIC! We really felt like we created a lot of community and had the opportunity to connect to a lot of residents through those programs. We are all getting along great and having so much fun in BHA. We are setting goals for our council (such as making it a goal for everyone to write an OTM this semester) and we are constantly bettering ourselves and our team. Jesus continues to be a great advisor, he is always ready and there for us and does everything he can to make sure we have an opportunity to be successful.

We are excited for April! We are thinking about playing Roach Hunt again and coming up with some more programs to help bring residents together!

# DEVELOPMENT!

March 29, 2018 the Bruce Hall Association got together around 9:00 pm to enjoy a game night filled with friendly competition, Apples to Apples, and popcorn. This not only strengthened our bond, but also our friendship.

# COUNCIL DYNAMIC

- The Bruce Hall Association's dynamic has continued to strengthen as we near the end of our final semester in Bruce. We have definitely grown as a team these past months.

- The Bruce Hall Association is currently thriving when it comes to communication. We keep in contact almost everyday through group messaging and/or meetings to make sure everyone fully understands their role in each event we put on.

## PARLI PRO

There are no suggestions at this time to for changes to the Constitution and By-Laws for Parli-Pro, although we will be reviewing them in our next meeting on April 2.

# BRIDGING THE GAP

#1

Bruce Hall's community aspect still continues to grow and flourish. The support from RA's, staff, and residents remains and is similar to that of a family.

#2

As the leader of development for Bruce Hall, I have still made it a priority to sit in on the RA's weekly staff meetings in order to build deeper connections and stronger relationships by getting to know each RA individually.

#3

RA's and BHA worked together to put on the biggest event of this semester. Bruce Jam was a huge success because of the hard work of each RA and BHA member.

## Roach Hunt

Description: This program is essentially a big game of tag. Bruce residents who wish to join will attend an informational meeting on March 1st in which we will give out the rules and have them sign up. Everyone that signs up will have a spoon with their target's (person they need to tag) name on it. Once the game begins, residents will start tagging their targets gently with the spoon. After someone is tagged the tagger accumulates that person's target and then is responsible for tagging them. There will be a board in the lobby with everyone's name on it, and as people get out there names will be crossed out. The last person left standing will be the winner. There is no set end time for this program, it is just whenever the last person is left standing.

# INVOLVEMENT

Not much to report from Involvement, mostly working on BHA (pronounced Bah Ha) stuff. Omg johnathan get it together or else.....

I've talked to Natalie Merrell, our Bruce Hall Eco-Rep, about a collaborative program for mid-April. I have also accepted the position of Director of Involvement for the 2018-2019 RHA Director Board. (\*Internally cheers\*)

That's about it. Goodbye for now.
